RE: .Gov Email Cutover: Update

REQUEST:

The request is for Board approval to make the domain switch for County emails at 5 pm on Friday, April 16th

BACKGROUND:

After significant testing with a cross-organizational user group, we have determined that there are very few issues with migrating user emails from the .org domain to the .gov domain. Additionally, we have prepared proactive corrective action to address identified issues before they impact county staff or services.

With that information at hand, we would like to switch accounts over at 5pm on Friday, April 16th pending discussion by the Board of Commissioners. This allows IT staff the weekend to correct any previously unencountered problems before the start of business the following Monday, April 19th. IT staff will be available to assist with issues over the course of the weekend.

FINANCIAL IMPACT:

RECOMMENDATION:

The recommendation is to give IT Director Norton and his staff approval by motion, to make the email domain switch at 5 pm on Friday, April 16th.

SUBJECT: Animal Control Boiler System

NO. OF PAGES TO FOLLOW:

COMMENTS:

Jeff,
The current boiler in your animal control facility has failed and needs to be replaced. It appears that the existing system has failed because of short cycling of the boiler. Andy Egan proposes to install a new high efficient boiler and repipe the current mechanical room to improve on run time and ensure this boiler will be reliable for many years. The new boiler will operate > 20% more efficient. I also have added a line item to replace the existing water heater that is in pretty rough shape. We recommend replacing with a power vent model to eliminate the possibility of draft and venting issues.

Andy Egan will supply the following:

- Demolition of existing hot water heating system
- Demolition of existing steel vent stack in boiler room
- Demolition of piping not being used on new system
- Supply and install (1) new boiler package including:
 - 1-new Lochinvar KHB, high efficient boiler
 - 1- new boiler pump
 - 1- new system pump
 - Digital controls for efficient operation
 - High efficiency
- New carbon steel piping
- Pipe, valves, and fittings
- New primary header
- New Amtrol expansion tank
- New condensate neutralizer kit

RE: Maxwell Health Agreement

REQUEST:

The request is to approve an agreement for Employee Benefit Technology with Maxwell Health

BACKGROUND:

As the employer, Maxwell supports most all benefits and types of contribution strategies, gives real-time view of employees during open enrollment, no more printing/scanning--thanks to a paperless form signing feature, built in task management and notifications. It also keeps employees engaged in benefits year-round.

For our employees, Maxwell provides an experience in enrolling for benefits that's through an online portal, includes a mobile app that acts as the one destination employees can go to for anything benefits related and supports nontraditional services and products so employees have access to more comprehensive benefits packages that are tailored to their unique needs.

For this to be implemented in time for 2022 Open Enrollment, an approval date prior to May 3, 2021 is suggested.

FINANCIAL IMPACT:

The first 2 years are covered by Maxwell Health. Year 3 will have an annual fee of \$948 as well as a per employee, per month fee of \$.50 billed quarterly.

RECOMMENDATION:

The recommendation is for the Board of Commissioners to approve the agreement with Maxwell Health at the April 27, 2021 Board of Commissioners meeting and authorizes the Board Chair to sign on its behalf.

Board of Commissioners
Van Buren County, Michigan

Honorable Members:

The Van Buren County Equalization Department has prepared the 2021 Equalization Report in accordance with Michigan Compiled Law 211.34 as amended. This involved conducting an Equalization Study in each classification of real property and the aggregate personal property classification in each of the 22 assessing jurisdictions within the County.

Contained within this report are the various values as extracted from each jurisdiction's assessment roll. Any class of property within an assessment jurisdiction not having a ratio between 49.00% and 50.00% will be equalized at 50.00% as allowed by the State Tax Commission guidelines. All County Equalized Values are subject to review and possible change by the State Tax Commission through the State Equalization process in May. Please note the values contained in this report are advalorem values only, special acts property values are not subject to Equalization.

This report begins with an unsigned copy of the "L-4024" report to be approved and signed by the Board of Commissioners. The report then shows county wide statistics and totals, and then further shows values of each assessing jurisdiction and school district by property classification and principal residence exemption.

I would like to commend the Equalization Department staff and each of the County's assessing officers for their dedication and hard work throughout the past year which has made this report possible.

Respectfully submitted,

Anthony E. Meyaard M.M.A.O.
Van Buren County Equalization Director
